# WELCOME

Today we return back home for our first league game of the new 22/23 season; following last weeks narrow defeat in Leicester.

I am sure that everyone in the club will provide a very warm GCHC welcome to the Leeds side and todays match officials.

This season is super exciting for all of us associated with GCHC, we have a fresh squad, we have a great blend of youth and experienced talent and a huge amount of positivity within the group. Last weeks game away at Leicester, allowed us to learn a few things about ourselves as a squad and we were very unlucky not to come away from the game with a result. I was especially proud of how the squad performed last week, adapting during the game and placing the hosts under huge pressure, testing their resilience at the back.

Today we focus on the challenge that Leeds will bring; Leeds had a good home win against league stalwarts Brooklands last week, so I am sure they will bring confidence with them to Gloucester.

Most importantly I am looking forward to a good competitive game, that will showcase all the great aspects of this great sport.
